## MRS. IDA McDONALD,

Supreme Deputy of the Maccabees of the World.

MRS. McDONALD,  
No. 477 Beaubien  
Street, Detroit,  
Mich., is a prom-  
inent woman who was  
greatly benefited by the  
great woman's medicine,  
Wine of Cardui. Mrs.  
McDonald is the supreme  
deputy of the Maccabees  
of the World, and one of  
the most widely known  
women in the United  
States. Thousands of women gather to  
hear her lecture everywhere she goes.  
The great work she has done for the  
Maccabees is appreciated by every  
member of the order. She was so ab-  
sorbed in her work that she neglected  
to give her health proper care—failed  
to take warning that the symptoms of  
approaching kidney trouble gave her,  
the sallow complexion and torpid liver.  
But Wine of Cardui cured her the same  
as it has cured thousands of others and  
Mrs. McDonald has written this letter in  
order that other suffering women may  
secure from Wine of Cardui the same  
relief she got from it.

Mrs. Ida McDonald.

that I must do some  
to regain my health  
friend advocated your  
of Cardui treatment so  
strongly that I decided to  
try it, although I had little  
faith in patent medicines.  
I am now very thankful that  
I did so, for within ten days  
blessed relief came to me,  
and in less than three  
months I was cured, and  
have enjoyed fine health  
ever since. I know there is nothing better  
for a sick woman who wishes to enjoy per-  
fect health and am very pleased to give my  
heartiest endorsement."

No suffering woman can afford to  
ignore such a letter as Mrs. McDonald  
writes. Her plans and advice have  
proved valuable in building up one of  
the greatest women's organizations in  
the United States and she takes time to  
give advice which she knows will help  
you.

Do not delay in securing this medi-  
cine. There is nothing to gain and  
everything to lose by delay. The choice  
is before you. Will or will you not  
secure relief now by taking Wine of  
Cardui? All druggists sell \$1.00 bottles  
of Wine of Cardui as well as 25c pack-  
ages of Thedford's Black-Draught.

## WINE of CARDUI

A million suffering women  
have found relief in  
Wine of Cardui.

## CONDITION SATURDAY

The Distinguished Patient Was Re-  
ported Much Better.

## CARDINALS CALLED.

Pontiff, in Reply to Them, Said That  
it Was the Will of God He Was  
Ill and That We Must Sub-  
mit to His Command.

Rome, July 11.—The general con-  
dition of the pope is unchanged. He took  
nourishment of sweetbreads, chicken,  
jelly and a small glass of Marsala wine.

Contrary to his usual custom, the  
pope did not get up Saturday morning,  
not because of any unusual depression,  
as his general condition was somewhat  
improved, but because the doctors  
urged him to rest as much as possible  
and stay in bed.

Within the great colonnade fronting  
St. Peter's there continued the same  
gathering of anxious crowds, with  
steady lines of cardinals and distin-  
guished members of the diplomatic  
corps proceeding to the inner court of  
the Vatican to learn the result of the  
"doctors'" conference. Even before  
daylight groups gathered at the en-  
trance seeking the latest information.

The weather conditions here are ideal  
and contribute greatly to the comfort  
of the patient. Usually Rome reeks  
in midsummer with the fierce heat of  
the sun and exhalation from surround-  
ing marshes, but now the elements are  
lending every encouragement toward  
the recovery of the illustrious patient.  
The sun shines from a cloudless sky  
and the heat is tempered by balmy  
westerly breezes. Temperature seldom  
rises over 85 degrees Fahrenheit and  
day and nights are refreshingly cool.

Affecting interview occurred between  
pontiff, Cardinal Satolli and three other  
cardinals representing various de-  
grees of the sacred colleges. Cardinal  
Satolli and his companions were ad-  
mitted to the presence of the pope as  
a special favor following earnest en-  
treates. In the gentlest manner Car-  
dinal Macchi, speaking for all, told the  
pontiff of the universal interest taken  
in his condition, adding: "Prayers are  
going up everywhere that the Lord  
may preserve for the benefit of the  
church the precious life of your holiness."

"I thank your eminence," replied the  
pope. "It will be as God wishes. We  
must submit humbly to his holy will." So  
saying, the sufferer pressed the  
hand of each cardinal as they with-  
drew. One cardinal present at the in-  
terview spoke afterward of the re-  
markable changes that had been  
wrought since he had last seen the  
pontiff, only last Sunday night, when  
extreme unction was administered to  
his holiness. The cardinal said: "The  
appearance of the holy father is in-  
tensely painful. He maintains his man-  
ly accumen, but I believe his spirit is  
terribly broken. This is especially ap-  
parent to me, who am used to seeing  
him often. I have observed a great  
change in his physical condition during  
the last five days. His words are now  
uttered with difficulty and he raises his  
hand only after an effort. His face is  
excessively emaciated and eyes deeply  
sunken. His extreme weakness is evi-  
dent at the first glance; there remains  
only the shadow of the man."

The congregation of sacred rights  
was to assemble in the presence of the  
pope July 13 to discuss Joan of Arc's  
title to the heroic degree for sanctifica-  
tion, but the condition of the pontiff  
caused an abandonment of the meeting  
and determination of saintly statues  
of Joan of Arc.

England being, with the United  
States, the only countries without rep-  
resentation at the Vatican. King  
Edward inquires regarding the con-  
dition of the pope through Mgr. Stonor,  
archbishop of Trebizonde. Pope Leo  
continues to show great interest in ar-  
ranging the testamentary desires he  
wishes carried out. He specifically de-  
signed Cardinal Rampolla, Mgr. Mo-  
cari and Cardinal Cretoni to see that  
every detail be carried out as he de-  
sired. These arrangements relate to  
the circumstances and place of burial  
and also to his bequests and provisions  
of his will, which has been drawn up.

## ARE HOPEFUL.

The Doctors Notice a Decided Improve-  
ment on Saturday Morning.

Rome, July 11.—Hopes for the pope's  
recovery have again arisen at the Vat-  
ican as the result of the rest taken by  
him. Even attendants have been able  
to enjoy much needed rest. Dr. Lap-  
ponti paid a visit to patient at 7 o'clock.  
The pontiff at first was not in a  
good humor, saying he could not  
stand remaining so many hours in bed,  
never having been accustomed to lie  
down for longer than four or five hours  
at a time. The doctor, however, argued  
for some time in convincing him that  
when persons are ill it is necessary to  
change their habits, even if they seem  
not to be comfortable. "But is it really  
necessary?" asked the pontiff. "It  
is not indispensable, but it will cer-

tainly assist our case," replied Dr.  
Lapponti. "Then," continued the pope,  
"I must go so. "After this the pontiff's  
face again assumed its habitual bright,  
benevolent expression and he smiled as  
he had done in his best moments.  
Shortly afterward Dr. Mazzoni visited  
the pope and confirmed the relatively  
good condition of the patient observed  
by Dr. Lapponti, with the exception of  
work of kidneys, which continue to  
cause apprehension, as they are  
not functioning well. Amelioration in  
his holiness' breathing continues until  
liquid regathers in pleura. The pope's  
pulse is better.

## FIGHT IN DESERT.

Mexican and Japanese Laborers Are  
Having a Terrific Encounter.

New York, July 11.—A bloody battle  
between 150 Japanese and the same  
number of Mexicans has been raging  
five days on the desert between Bar-  
stow and Victorville, according to a  
Tribune dispatch from Los Angeles,  
Cal. Four are reported dead and about  
fifty wounded and the end of the strug-  
gle is not in sight. The combatants are  
all employed by the Santa Fe railroad  
laying new rails and the company has  
been forced to suspend operations in  
that section.

The Japanese and the Mexicans had  
been working peaceably side by side  
for some time, but on Monday a Jap-  
anese made an insulting remark about  
a Mexican and the fight began. When  
the two workmen came to blows sides  
were quickly formed and battle lines  
drawn. Tools used in railroad building  
and boulders from the bottom of the  
Mojave river were the weapons, and in  
a few minutes many heads were crack-  
ed. The Japanese were finally driven  
across the river amid showers of  
stones, almost as effective as bullets,  
their leader remaining in the front to  
the last. Both sides are entrenched  
behind piles of sand and many sallies  
have been made since. The attacking  
force has invariably been repulsed. Two  
men were killed Friday, when the Jap-  
anese earthworks were stormed by the  
Mexicans. The foreman is making ev-  
ery effort to patch up a truce, but the  
men seem determined to fight while  
any are left, and it may be necessary  
to call out the state troops to quell the  
fighters.

Mexicans all over the section are de-  
veloping a fierce hatred of the Japanese  
because the latter are supplanting the  
Mexicans in many kinds of work, de-  
manding less wages, as a rule, but  
giving more satisfaction.

## ABOUT VOLPONI.

Pope Wished to Know Why the For-  
mer Did Not Call to See Him.

Rome, July 11.—The pope received  
Countess Canali and Countess Moroni,  
his nieces, and after a short chat with  
them asked about Mgr. Volpini, say-  
ing, "What is the matter? Why does  
he not come to see me?" It was ex-  
plained to the pontiff that the excite-  
ment of the last few days had over-  
come Mgr. Volpini, who was quite un-  
well, but the pope was not informed  
Mgr. Volpini was dead.

A rumor is in circulation to the effect  
that the pope is suffering from inflam-  
mation of the kidneys. Dr. Mazzoni  
emphatically denies this.

## MULLEN ESCAPES.

He and Three Others Overpowered the  
Sheriff and Cut His Head.

Junction City, Kan., July 11.—Gilbert  
Mullen, the federal prisoner who led  
the mutiny at Fort Leavenworth prison  
in November, 1901, and who has  
been in the county jail here for the  
past year awaiting trial on the charge  
of having murdered one of the guards  
during the mutiny, led an assault on  
Sheriff Peese on Saturday and he, with  
three others, one white man and two  
negro prisoners, escaped. The sheriff  
was overpowered and badly cut about  
the head, but he succeeded in getting  
the cell door closed before all the pris-  
oners could get out.

## Admiral Cook Recovering.

New York, July 11.—Rear Admiral  
Francis A. Cook, who commanded the  
cruiser Brooklyn during the battle of  
Santiago, is slowly recovering from a  
long illness in the naval hospital  
Brooklyn. He was attacked by the  
grip early last September and the dis-  
ease seriously affected his heart and  
kidneys. Prior to this attack Admiral  
Cook has been on the sick list but once  
in all his forty-three years of service,  
and that happened when he sprained  
an ankle.

## Early Prayer Meetings.

Atlanta, Ga., July 11.—The third day  
of the international convention of the  
Baptist Young People's union began  
with early morning prayer meetings in  
various churches of the city, all of  
which were well attended. The after-  
noon session was devoted to the junior  
branch of the society, exercises being  
on the general subject of "The Light of  
the World."

## Fratricide Charged.

New York, July 11.—James Martin of  
the monitor Arkansas died at the  
Brooklyn navy yard of wounds inflicted  
by his brother Charles, who is under  
arrest.

## GRAND OPERA HOUSE

JNO. B. MIKE, Manager.

## Lightning Struck Twice

Springfield, O., July 11.—That light-  
ning does not strike twice in the same  
place was disproved by the death of  
Maud Hawk. Her house was struck  
and she began to remove clothing from  
the house. Within four minutes a  
second stroke came, killing her in-  
stantly.

## Had a Conference.

Washington, July 11.—Postmaster  
General Payne and Fourth Assistant  
Postmaster General Bristow had a  
long conference over the postoffice in-  
vestigation. Mr. Payne said he no de-  
velopments to announce.

## Were Under Contract.

Mobile, Ala., July 11.—Emilio Sodi,  
Francisco Pesoz, Pedro Ortiz, Span-  
iards, and Francisco Solis, a French-  
man, were refused admission to the  
United States here, being under con-  
tract, the first three in St. Louis and  
the fourth in New Orleans. They ar-  
rived per steamer Alamo from Pro-  
greso, Mexico.

## Indigestion Causes Catarrh of the Stomach.

For many years it has been supposed that  
Catarrh of the Stomach caused indigestion  
and dyspepsia, but the truth is exactly the  
opposite. Indigestion causes catarrh. Re-  
peated attacks of indigestion inflame the  
mucous membranes lining the stomach and  
exposes the nerves of the stomach, thus caus-  
ing the glands to secrete mucin instead of  
the juices of natural digestion. This is  
called Catarrh of the Stomach.

## Kodol Dyspepsia Cure

relieves all inflammation of the mucous  
membranes lining the stomach, protects the

sense of fullness after eating, indigestion,

BRYAN, TEXAS, JULY 12, 1903

It is thought probable that Texas veterans who saw service in 1854-55 are entitled to a pension of \$1000 each.

A number of Texas papers are booming W. R. Hearst of the New York Journal for the democratic nomination for president.

Judge L. R. Bryan, before the State Bar Association at San Antonio, takes the position that the state should engraft an educational qualification in the suffrage laws. The Judge says: "In view of the declaration in our state constitution that a general diffusion of knowledge is essential to the liberties and rights of the people it seems strange that the payment of poll tax should be deemed of more importance than that the voter should be able to read and write. It is to be hoped that some day the educational qualifications will also be embraced in our law."

## COTTON CROP REPORT.

Speaking generally of the Texas crop and more particularly of central and north Texas, the actual results of the season are uncertain. Warm, bright weather, with enough rain to admit of surface cultivation, and the absence of further destruction by the boll weevil and other pests, would almost insure a splendid crop in every section of the state. The crop generally is advancing rapidly and the plant is in a healthy condition, but in all cases the correspondents report it from two to four weeks late. North Texas is troubled not with weevils and other insects, but with much grass and weeds. Central Texas has both grass and weevils with other insects. There the boll weevils are doing great damage in fields near timber, and in tough prairie fields have many of them, escaped, the pest is making its appearance in large numbers. The reports are spotted, the plants being small and with poor stands in some counties and healthy with even stands in others. East Texas, though showing a decrease in acreage, reports flattering prospects. Southwest Texas reports weevils and many poor stands, but with improving conditions. Coast country cotton is also reported doing well at the present time.—From Galveston News Cotton Report.

One dairy cow that will continue to give profitable yields of milk until fifteen years old is worth two whose capacity is exhausted at seven or eight years. Kindness and good treatment will double the lifetime of a good cow. Kindness is cheaper than the best of hay and should be more universally used in handling cows.—Cameron Herald.

Bryan has raised nearly one thousand dollars to improve the roads leading to Madison county. The merchants of Madisonville are doubtless cognizant of the fact that Bryan is one of these pushing towns that goes after what she wants and generally gets it. She wants to hold the trade of Madison county and—you know the rest.—Madisonville Meteor.

A special meeting of the Business League was held Monday afternoon to consider a proposition to be submitted by Mr. R. M. Connor, agent of the American Cotton Co., which, when fully explained, was acted upon favorably and the result will be that a 100 horse power boiler and engine and a roundup bale press will be added to A. A. Allen's gin plant.—Madisonville Meteor.

## A Call.

Inasmuch as the city council of Bryan has committed the work of cleaning the city to the ladies of Bryan, a meeting is hereby called for the opera house Monday at 5:30 p.m. which all the ladies are urgently requested to attend. The meeting will be for the purpose of devising ways and means of cleaning the city, appointing committees, etc. The men are cordially invited to attend and the ladies especially desire the presence of the city officials. This is a matter that vitally affects our homes and the health of our families and it is earnestly hoped that every woman in the town will show her interest in the cause by lending her presence.

The handsome home of Mr. and Mrs. W. T. James was the scene of a brilliant reception Friday evening from eight to eleven, given by Miss Corine James in honor of Misses Gladys Tooke and Robbie Seale who are visitors to this city. Music, conversation and games were greatly enjoyed by the guests. The flower puzzle contest resulted in the winning of the prize by Miss Alberta Adams and the boggy prize by Master Claude Mitchell. Iced watermelon was served. Miss Corine is known as a delightful entertainer, and no visitor fails to have a good time at this home. At the end of the three well spent hours every one told Miss Corine about the good time they had and departed.

## CHASE AND SANBORN'S TEAS

Just think! It takes one thousand four hundred cups of tea to make the difference of one dollar. It will take you almost four years drinking one cup a day to save a dollar. It's the quality of the tea for which you pay one fourteenth of a cent a cup more. This fourteenth of a cent on each cup gives you thirty per cent better tea than is ever sold for 50c a pound. ONE POUND of this tea will make over two hundred cups

The revival conducted by Rev. J. L. Meads of Chester, Ill., will close tonight. Services will be held at 11 a. m. and 8:30 p. m. A collection for a thank offering to Rev. Meads was taken at the service Friday night and added to yesterday, amounting to about \$125.00. This will be increased by collections in the country. The meeting has resulted in a number of conversions and eight additions to the Free Baptist church.

Attention is directed to the call for a mass meeting of the ladies to be held Monday evening to consider plans for cleaning up the town under the direction of the ladies of the Civic Club. Following upon the action of the city council, reported in the Eagle yesterday morning, some of the ladies of the Civic Club held a meeting yesterday and decided to fix the date for the general cleaning up of the town one day later, or on July 16. This gives everybody three days to clean their premises thoroughly and pile the trash either in the alleys or in the street in front of their houses, where it can be hauled off Thursday. The ladies are very much enthused with this work and everybody ought to feel enough pride in their homes or places of residence to help them when they come.

The Eagle representative took advantage of the fact that the painters had the courthouse tower open one day the past week and climbed up to have a look at the city for the first time since the building boom struck the town two or three years ago. It is needless to say that the change has been marked. The view is very fine and Bryan is indeed no less than beautiful. Handsome residences are seen on all sides and there are other evidences of improvement too numerous to mention in detail. With the cutting of the weeds and the removal of all trash and rubbish from the streets and alleys there will be few prettier towns anywhere than Bryan.

Mr. Frank Wilson, manager of the Coulter plantation in the lower bottom of the Brazos, was in the city yesterday and reported that officials of the Santa Fe and parties from Brenham had been reconnoitering in that section with a view to building a spur of the Santa Fe from sand pit near Clay Station twelve miles up the river bottom to Mr. Jas. O. Chance's plantation. Mr. Wilson thinks the chances good for the spur to be built.

We will bond you in the United States Fidelity and Guaranty Company of Baltimore, Md., cash capital, \$1,750,000; total resources, \$3,500,000. All classes of court, contract and fidelity bonds promptly executed. John A. Moore Jr., Local Agent, Bryan, Texas.

Up to 6 o'clock yesterday afternoon the new National Guard company, Capt. Howard Cavitt commanding, had recruited 42 men. The boys say they will have a company of 50 men at the encampment in August.

Snowdrift lard is the best cooking compound ever produced; ask your grocer for it and take no other. It is cheaper in price than other lards and goes much farther.

## POPE IS MUCH BETTER

Such Was the Report From Vatican Saturday Morning.

### FRIDAY WAS QUIET.

Pontiff Desired to Have a Private Conference With Visiting Cardinals, but the Physicians Firmly Forbade It.

Rome, July 11, 6:50 a. m.—Another operation, performed Friday, has brought further relief to Pope Leo, and by it the possibility of his life being prolonged was increased, but it can hardly be said that the operation improved his chances of recovery. News just received from the Vatican says the pope is now lying in a restless condition after having had a good sleep during the early hours of Friday morning.

As the immediate results of his operation the pope spent a quiet and almost painless day for his age and normal temperature, and he only more strikingly exhibited his strength of constitution and intellect. At the examination Friday evening the doctors could not perceive any regathering of serum in the pleural cavity, but it was feared that the presence of serum would be detected, thus rendering necessary, perhaps, another operation soon.

A general feeling of tranquility marked Friday in Rome. The self-confidence of the patient permeates the people, and the simpler folks go about their daily work preparing to postpone signs of sorrow and mourning until from the sickbed itself they hear that the unequal struggle is nearing its end.

### Due to Pleurisy.

Rome, July 11.—Dr. Rosconi, assisted by other doctors, analyzed the serum extracted in Friday morning's operation. The doctors explained the purpose of the analysis was to determine whether the case originated from tuberculosis or a tumor. The serum showed the disease was merely due to pleurisy.

### Volponi Buried.

Rome, July 11.—The funeral of Mgr. Volponi, the late secretary of the consistorial congregation, who was stricken with apoplexy at the Vatican Wednesday, and who died Thursday, was held Friday. The pope has not yet been informed of Mgr. Volponi's death.

### OFFICERS CHOSEN.

Baptist Young People's Union Did This at Friday's Session.

Atlanta, Ga., July 11.—At Friday's session of the International Baptist Young People's union the following officers were elected for the ensuing year:

President—John H. Chapman, Chicago.

First Vice President—George Miller, Baltimore.

Second Vice President—A. L. McCrimmons, Woodstock, Ont.

Third Vice President—M. M. Gaines, Atlanta.

Recording Secretary—Rev. H. W. Reed, Rock Island, Ills.

Treasurer—G. B. Osgood, Chicago.

Preceding the opening of the convention in the auditorium, Rev. Robert Vandever, pastor of the Duffy Baptist church of Savannah, Ga., conducted a normal lesson, and Rev. J. C. Massee of Raleigh, N. C., led an open parliament in which pertinent questions relating to the motives and progress of the union were discussed.

Following the report of the various conventions of the organizations, officers of the union were elected for the ensuing term.

### EARLY ASTIR.

Christian Endeavorers Begin Their Services at Six O'clock.

Denver, July 11.—Christian Endeavorers who are holding their international biennial convention in this city, were astir bright and early Friday morning, the first event on the program being a memorial service in honor of the late financial secretary, Clarence Ebern, which was held at 6 o'clock in the Boulevard United Presbyterian church. Following this at 8:30 came meetings in various churches to discuss missionary topics.

Topical services were held in several churches. During the day evangelistic services were held in various parts of the city. The first session of the day was held in Tent Endeavor at 10 o'clock. President Clark presiding. The tent contains seats for 10,000 persons, and all were occupied. The song service was led by Percy S. Foster of Washington, D. C., and was followed by a prayer service of thanksgiving for past advances, of which Rev. W. D. Power, D. D., of Washington, D. C., was leader. Next came addresses by prominent workers on methods of forwarding the Christian Endeavor movement.

An open parliament followed, at which "A World Wide Christian Endeavor and its Needs" was discussed.

### TURNED TABLES.

Colonel Ketchum Replied to Ringleader by Wounding Him and Two Others.

Sour Lake, Tex., July 11.—The mob Thursday night in the race riot carried everything before it until they reached the Sour Lake Springs hotel, when J. W. Swayne and Judge Armstrong made them speeches, and with the promise that all negro help would be discharged and sent away and whites employed instead.

They then started for Colonel Ketchum's camp and old federal soldier constructing earthen tanks with twenty-five negroes, for the Moore-Skinner company. The ringleader led the mob to the camp and threw his shotgun down on Colonel Ketchum, telling him his negroes had to leave. Colonel Ketchum three times commanded him to drop his gun and then turned loose his shotgun at the ringleader, wounding him in the shoulder and face, also wounding two others. The mob then dispersed.

He was received at the Southern Pacific depot by General Frederick Grant, department commander, and the staff officers of the department.

GENERAL MILES.

Troop M. United States cavalry, was drawn up at the depot for the reception and escort of the commander of the United States army. General Miles stepped into an open carriage with General Grant and, led by the troop of cavalry, and followed by the department staff in carriages, was driven to Fort Sam Houston. He inspected Fort Sam Houston.

The general has made investments in the oil fields around Lafayette, La., and contemplates acquiring similar land in Texas.

The ex-governor immediately set out for home, leaving General Miles to proceed on to San Antonio.

### BRIEF RESPIRE.

Hanging of William Rhea Was Postponed For Thirty Minutes.

Lincoln, Neb., July 11.—The hanging of William Rhea, which was to have taken place at 12:30 o'clock Friday was postponed thirty minutes pending a decision of the supreme court on an application for an injunction to prevent the hanging. The action before court was brought in the view that the reprieve granted by former Governor Savage imposed "Hard labor" upon Rhea as punishment. The attorneys for Rhea argued that this imposition nullified the sentence for hanging in that it reserves two punishments for the same crime. The court denied the application and Governor Mickey ordered the sheriff to proceed with the execution.

The attorneys for Rhea in a last effort went before Judge Holmes of the district in an endeavor to get the lower court to prepare an injunction stopping the execution. Before the injunction proceedings could be prepared Governor Mickey's order was carried out and Rhea was hanged at 1:21 o'clock.

The crime of William Rhea was the killing of Herman Zahn, a saloonkeeper in the village of Snyder, Jan. 4, 1901. The name of Rhea was assumed. His Parents live in Indiana and his father sent lawyers from that state to argue with the governor. Petitions for clemency were also circulated in Lincoln and over the state and were numerous signed. Rhea was but 18 years of age when the crime was committed.

### Hanging in Georgia.

Folkston, Ga., July 11.—Donnie Miller, colored, was hanged here for the murder of another negro.

### FEMALE ENOCH ARDEN.

After Twenty-Five Years a Supposed Dead Wife Returns Home.

Rockford, Ill., July 11.—A woman in the role of Enoch Arden has returned to Rockford after an absence of twenty-five years.

The chief figure in this curious history is Mrs. Louise Olson. Twenty-one years ago Mrs. Olson was injured in a railroad wreck near Buffalo, N. Y. She was taken to a hospital and recovered. Her mind was quite clear, however, and she wandered to France. Another victim of the wreck died in the hospital and by mistake was buried as Mrs. Olson. When Mrs. Olson returned to Rockford she found the two babies she had left, "Hilda and Frank" full grown and surprised beyond measure at her return. Alexander Olson, her husband, she found living with his third wife, the second Mrs. Olson, whom he married while believing fully in his first wife's death, having died some years ago. Olson having died some years ago. Olson's first wife. The latter will recognize the rights of the third wife and will live with her recovered children.

### Allowed Bail.

Topeka, Kan., July 11.—The supreme court allowed Chauncey Depew, D. W. McBride and Clyde Wilson, the St. Francis ranchmen, to go free from jail upon securing \$15,000 bonds. The bond is to be approved by Sheriff McCutcheon of Cheyenne county.

Two new members were received; total, 211. Homer Wallace, Secretary.
